Famous french love songs

Famous old french love songs. Famous french love songs of all time. Famous french love songs youtube.

From the internet and other blog posts, when it comes to writing french love songs, you will refer to old french songs that are beautiful but not modern at all. For this article, I pulled out a list of ten great French love songs from the last few years. With the creation of this blog I wanted to fight the clichés about France, but I think with this article I will embrace the image of French people who see them as crazy romantic people. 1) Je tryÁaime encore ÁYelle (2020) Yelle is one of the few French artists who manages to be ÁfamousÁ in the world. United States. She is famous for some of her hits "Je want to see" or "Ce game" in 2007. He returned in 2020 with a new album titled "LÁeÁre du VerseauÁ" with the song "Je tryÁaime encore". This romantic song tells the story of a woman who is still in love with a man despite having had other love stories after this relationship.Á 2) Yeux disent Lomepal (2017) This Á It is probably the song that helped French singer Lomepal to become a mainstream artist and establish herself on the French music scene. The single is part of her big album called FLIP released in 2017. In this song (perfect for those who have broken up), Lomepal tells one of her love stories in which she broke her partner's heart by being selfish and spending too much time on her own projects. I suggest you watch the video, it's quite artistic. 3) Toi et Moi Paradis (2016) Paradis released this French love song in 2016 with the album "Recto Verso". This song has electro-disco vibrations. French duo Simon MAA©ny and Pierre Rousseau wrote a song about the fusion of bodies. This is the story of two characters in which one is in love with the other. After meeting in the past, the two people find each other again.The person in love is confused about his feelings and has difficulty expressing them. In the second verse, it became clearer. It expresses unequivocally what he could do for the love of the second character.4) LÁeÁamour avec toi ÁeÁEá2á2 Vendredi sur Mer (2017) Swiss singer Charline Mignot is assisted by French artist Lewis OfMan (who writes the songs). Vendredi sur Mer released this romantic French song in 2017 with the album "MarÁÁe Basse.Á" The Woman Who Sings tells the story of a woman who is deeply in love with a man from a long time ago (or perhaps a woman) and can't wait to make love with him.Á 5) Á rÁeÁ deux ÁeÁe Jean Tonique & Bleu Platine (2016) French single released in 2016 for the Plage dÁeÁorÁÁÁ. This track is the result of a featuring between French artist Jean Tonique and the mysterious band Bleu Platine (mysterious because I couldn't find any information about this emerging band). In this French song, the two characters imagine a blue and serene future together. It's a perfect song to relax and relax with soft and instrumental voices. Je suis fan Alice et Moi (2021) Back to the French electro-pop artist Alice et moi moia powerful love song in 2021. In this song, she is in love with a person, so in love that she is a stalker, spying on them on social media or on the subway. For example, she knows her phone number by heart and desperately wants her perfume on her clothes. By the way, I wrote about this French singer on this blog post:Á 5 French pop artists to follow.Á 7) Amour Plastique ÁVideoclub (2018) French band of trend at the moment in France.Á Á"Amour PlastiqueÁ" was released in 2018 and was their first EP. The song is part of their first album released in 2021 entitled "Euphorie".This duo has a relationship and influences many of the lyrics of their songs. The result, the main theme of the song, is for them to sing of love. I could recommend many more Videoclub songs about love and romance, but if I had to pick one, it would be "Euphorie".8) Elle ne tryÁaime pas Á"La Femme (2016) La Femme excellent band released the song "Elle ne tryÁaime pasÁ" in 2016 on the album Á" Mystery. As the second song on the list with "Yeux disent", this is a perfect song to listen to after a breakup, "Elle ne tÁaime pas" translated into English by, "She doesn't love you". In this sad romantic song, the person tries to convince 9) Mon ÁÁeÁme sera really belle pour toi Terrenoire (2020) This EP was released in 2020 by the nascent duo of two French brothers ThÁÁeÁo and RaphaÁÁ'l Herrerias from Terrenoire, a suburb of Saint-Etienne. They sing and dream of an ideal relationship, and care about the purity of their souls to satisfy their loved ones. I mentioned it in my selection of French songs of 2020: 5 Best French Songs of 2020. I could recommend another beautiful French love song by this band with "Margot dansait sur moi".10) Candide Crush ThÁÁeÁrapie Taxi (2019) After becoming a well-known band in France with their hits "Salope" in 2016 and "Hit Sale" in 2017, probably their biggest hit. of 2017. Luckily for you, I wrote an article with the text translated from "Hit Sale". However, ThÁÁeÁrapie Taxi are back in 2019 with a new album "Cadavre exquis" with the song "Candide Crush". Behind this allusion to the famous mobile game, Adelaide exposes herself by revealing her feelings. to the guy she had a crush on at a party. I could recommend a lesser known song by ThÁÁeÁrapie Taxi with "NaÁ lveÁ", "Rupture 2 crapsÁ" or "FriendzoneÁ".I hope you enjoyed this nice selection. Is there a French love song you can't stop listening to? Let me know about it in the comments section! I could update this list with new French romantic songs in the future. Do you want to discover other French artists? Really? Great, you need to read my article about current French musical artists:Á 10 musical artists that you need to listen now. Since French is the language of love, it is natural that the language provides many famous love songs. Here is a list of ten of the most famous French love songs of all time. Listen to one (or more!) the next time you want to create a romantic mood. Edith Piaf is considered one of the most beloved singers in France. Of Algerian and Italian origins, she is the queen of French love songs. While many other men populate the top ten list, Edith Piaf is one of the few women. One of her most famous songs, L'Hymne Á l'amour, is as haunting and as beautiful as the story that inspired it. While Ádith Piaf wrote the lyrics to the song, Marguerite Monnot composed the music. It was reported that Piaf wrote the song for her husband, the French boxer Marcel Cerdan after he died in a plane crash. The song was so popular that it inspired a novel and was covered by a variety of artists. Often called Elvis Presley of France, Hallyday's career included a lot of rock and roll music, as well as his ballads. Que jet'aime topped the French charts for 11 weeks in 1969 as the most popular single sold, and topped the Belgian charts as well as the most popular song. One of the most famous French chanson singers, Aznavour's hit Mourir d'aimer, is about to die for love. He says there's no greater value in life than paying for love with life. Intrinsicly linked, you can not separate life from love, which is why the lyrics of the song and the soulful sound became such a hit. She won the Gold Lion Honorary Award (Venice Film Festival) for the Italian version of the song. A singer and actor, Yves Montand was one of the greatest theatre and cinema stars of the central part of the 20th century. Car jet'aime is a serious love song, but with the frequent repetition of words, a playful nature brightens the atmosphere compared to other love songs of the same period. Montand was prolific, making numerous movies and singing a variety of songs. He was the first music hall singer to perform at the Metropolitan Opera in New York City. Born in Senegal, raised in France, and musically influenced by a trip to Egypt, MC Solaar is one of France's most famous rappers and hip-hop artists. Caroline is a poetic song with pictures and word games that surrounds the idea of playing cards and gambling. The song echoes the feelings of a strong love that is now over. The song remained in the top 20 on the French hip-hop charts for 17 weeks, reaching number four. Baker, born in America but becoming a French citizen after a decade in Paris, J'ai deux amours was his anthem. The lyrics of the songs state, "I have two loves: my country... and Paris." While some Americans believe that Baker was referring to his country of birth in this song, the French almost unanimously believe that he was referring to France. In every The song has become an anthem in France as Josephine Baker's career has embraced an impressive 50 years of performance in Paris and around the world. It inspired a huge 25 art covers by other artists. Born in America, America, Living in Europe for most of his adult life, Joe Dassin reached the charts in France with songs like L'ÁtÁ indien. About love during the Indian summer in North America, this song is addressed to all those who have a romantic image of autumn in America. With its sound, it exceeded the charts in France in the 1970s. Another successful track of the beautiful Edith Piaf, La vie en rose is slow and sensual, perfect for Piaf's iconic voice. He wrote the song and recorded it for the first time in 1946, although he was not sure that the audience would like it. It was such a clamorous success that the song was sung by more than 50 other artists over the years. Even for those who do not speak French, I quitte pas is clearly a deeply moving song. With emotion, the singer implores his love not to leave him. Promising everything that can offer under the sun, Brel is a strength in music. It is widely considered one of his best songs. Hitting the charts in 1979, Je l'aime Á mourir di Cabrel went straight to the first place and became famous in other French-speaking regions. Later recorded in Spanish, the song transcended France and the French language becoming one of the greatest love songs of the 20th century. Whether you're learning French or speaking fluently, these great French songs can inspire your language learning process or your love life. Many good singers focus on love in their lyrics not only because it is an important topic for them, but because the audience always wants to listen to a great song of love. Learn the lyrics of these songs if you want to profess your love in a unique and romantic way; the texts are some of the best love quotes available in French. Á 2021 LoveToKnow Media.
